Subject: Syncon Resins Superfund Call
Attachments: On Behalf of Frances Zizila

Importance: High

Good afternoon all,

We hope that everyone is doing well under the circumstances. First, I would like to introduce myself as EPA's current Community Involvement Coordinator for the Syncon Resins site in Kearny, New Jersey. Second, as the State of New Jersey enters Phase 2 of its COVID recovery, we wanted to reach out to inquire whether the parties are currently interested in resuming negotiations concerning the resolution of outstanding liens on the Syncon site. Due to COVID, we had cancelled our last meeting which had been scheduled for March 6th and prior to that time, on March 2nd, EPA had circulated its final settlement offer, which I am attaching for your convenience. Please let EPA know whether the parties are amenable to proceeding with our discussions and, if so, propose several dates and times for our consideration.

Thank you,
Shereen
